Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from The Indus Delta Country: A Memoir, Chiefly on Its Ancient Geography, History, and Topography A popular geographical notion of its inhabitants distinguishes three main divisions of the Lower Indus Valley. These are named Siro, or Upper Country; Vicholo, or Middle Country; and Ldru, or Sloping, descending (to the sea) Country, and correspond respectively to Upper Sindh, or the country north of about 270 N. lat., 40 miles above Sewan; Central Sindh, or the tract between that limit and Haydarabad; and Lower Sindh, extending from Haydaibad to the sea. This last division may be treated as the historical Delta country of the Indus, that is, the Delta country as seen when the light of history first falls upon it in the descriptions of the writers on Alexanders expedition. At that period the head of the Delta was at Patala, where the river divided into two large branches, running, one south-east, the other south-west, to the sea, and each retaining the name Indus. Any precise identification of the site of Patala is hardly within the limits of possibility. I am unable to agree with the authorities who would place it at Haydarabad, or with others who think Thata a more likely situation; but there are grounds, as we shall see, for the conjecture that it lay not very far below the latitude of the former town, though considerably to the east of its longitude. It seems, therefore, legitimate to assume that the Sindh! geographical division of Laru is nearly identical with Patalene, or the Delta country of the Indus as known to the Greeks. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic...
