The novel chronicles corporate management protagonists seeking company growth, struggling to maintain control and battling for survival behind the closed doors of the Boardroom. Francis Taylor, a compulsive technocrat, founded one of the first computer software companies. He fulfilled his aspiration to be an industry leader when the company achieved public ownership and annual revenue of one-hundred million dollars. Then all hell broke loose. Taylor's mindset was stuck on room-size mainframes while the technology sweet spot moved to smaller computers. In addition, a haughty management style propelled his executives through a spinning revolving door. These factors, along with mismanaged financial statements, led to a nosedive of his company's stock during the recession of 1981-82. Colleague Brad Albright, the aggressive CEO of a computer hardware startup, seizes the opportunity to mount a leverage buyout of Taylor's weakened company with the assistance of Taylor's ambitious protege, Joshua Kerem. Albright's business strategy targets a turnkey solution...
