

The Japanese Economy (Paperback)

By Professor David Flath

Oxford University Press, United Kingdom, 2014. Paperback.
Book Condition: New. 3rd Revised edition. 244 x 188 mm.
Language: English . Brand New Book. Japan remains one of the dominant economic powers. Yet the Japanese economy is one of the most misunderstood phenomena in the modern world. Conventionally, Japan is presented as the exception to mainstream economic theory: an exception to the standard models of modern economics. This book demolishes that notion, bringing the full analytical power of economic thought to all aspects of the most dramatic economic success story in recent times. David Flath concentrates on four main themes: Japan's economic growth and development; Japan's integration with the world economy; Government policies and their effects; Economic institutions and practices. By applying common economic tools such as the Solow growth model, Modigliani's life-cycle model of saving, Becker's theory of investment, Samuelson's theory of revealed preference, Coase's exposition of the problem of social cost, and the modern theory of industrial organization, this book shows that the mainstream principles of economics apply in Japan as successfully as they do elsewhere. Revised and updated to take account of recent developments in Japanese banking and macroeconomics, this book is...

Reviews

A brand new e book with an all new point of view. I have got read and i am sure that i am going to likely to read through once more once more in the future. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Ms. Teagan Osinski III**

A brand new e book with an all new standpoint. it was actually writtern very properly and beneficial. I am just very easily will get a satisfaction of studying a composed publication.
